The roster is due prior to the first match and must include the Name, Address, Birth date and Signature of each player. During scheduling, consideration will be given to the days circled as days the team does not want to play. **If there are no days circled, it will be assumed that your team can play any night.** Please note in comment section if there are times that are good or bad for your team. Registration will take place December 11-22, Monday through Friday from 8 a.m. to 5 p.m. at Girard Park.

SEASON - The season will run from January 11, 2010 through early April, 2010. Teams will play approximately 10 regular season matches, averaging one per week. Matches will increase or decrease in numbers depending on the number of teams. Qualification for post season will be determined by the number of teams participating.

The Adult Volleyball program offered by the Lafayette Consolidated Government Recreation Department is strictly a **recreational league**. National Federation (High School) rules will be observed along with our local playing exceptions. Persons using this league as a stepping stone to club play can participate but must **always** remember that differences in standard of play will occur. The officials provided by the department will be well briefed on rules and interpretations of those rules. Officials of assigned games, in any league, will be in total control and will do their best to officiate the match. Any person who feels that a better job of officiating could be done should contact the volleyball coordinator for assistance. The end of the season playoff tournament format will be double elimination. The days scheduled for tournament play may or may not be the same days used for league play.
