

Building Permit Solid Waste Disposal Notification Form

In compliance with the codes referenced below, complete this form and upload it to MGO. Note that reviewers should be notified via email if the form is uploaded directly to MGO. **Please print clearly or type responses.**

Lafayette Consolidated Government Code of Ordinances (Ord. No. O-208-2013, § 3, 10-1-2013)

Chapter 74 (Solid Waste) Section 35 – Disposal of construction or demolition debris:

The owner of a residential unit or commercial unit being erected or repaired, or the job contractor, shall provide for the **storage in an appropriate container** (for example, a dumpster) and prompt removal of all construction debris, solid waste and/or other material resulting from the job that cannot be properly placed in a container for solid waste. No such debris shall be placed near the street for collection unless the proper contractual arrangements have been made between the contractor and the owner or job contractor.

Chapter 74 (Solid Waste) Section 53 – Collection Requirement for New or Renovated Commercial Construction:

Prior to the issuance of a building permit by the department of Planning, Zoning, and Codes for new or renovated commercial buildings, the applicant must provide evidence that proper facilities will be provided for the storage and collection of solid waste for the activity. The applicant must state the estimated solid waste volume and the location, size, and frequency of the service to the storage collection container.

Permit # for file reference _____

Name of Project Site: _____
(Facility/Business under construction)

Address of Facility: _____
